3030KM	76	130	20 x 12
3535PM	90	160	-
3535KM	90	160	22 x 12
4040PM	102	185	-
4040KM	102	185	24 x 12

Adaptors for Pilot Bored components allow them to take standard Taper Bushes. This added convenience removes the need to drill, tap and taper-bore.

PM = Plain outside diameter

KM = Keyway on outside diameter allowing additional torque transmission
